Re: Testimony in support of SB 94

Dear Esteemed Michigan Lawmakers:

I want to cheer Senator Jones and his SB 94! It is a wonderful thing when State lawmakers push back on Federal Government over-reach. Section 1021 of the NDAA is really quite worrisome. The potential for Federal abuse of an American's rights is very real and we must take a stand today. Congressman Justin Amash has sounded the alarm in the Washington D.C. yet they choose not to hear. Senator Jones' SB 94 ~~is~~ adds protection for Michigan citizens and also sends a loud message across the all the Nation to Washington D.C. that we will not become servants to the Federal Government.

SB 94 should pass unanimously out of committee today. I will work hard to see that it glides right through Senate and the House ... to the Governor's desk. Time is of the essence when Freedom calls!

Thank you for your time and service.

In Liberty!
